‘PERSONAL CONCERN’ Soviets Expel Yale Prof Today; Flying Home

REPORTER'S REFLECTIONS — No one living in the United States has not been touched in one way or another by education.

Most have been or are students, many are currently parents of students and few have not paid some form of taxes to support public education.

Being involved intimately with something often keeps us from seeing its overall dimensions. It's like the old saying of being so close to the trees that we do not see the forest.

When we talk of education, we are usually concerned with local problems, statistics or other aspects of local schools.

American Education Week is coming to a close.

Few of us probably realize just how big an enterprise educating the coming generation is.

This year for the 19th consecutive year, there are more students than in the previous school year. The present total is 31.5 million, which 27 per cent of the population. This is a growth of more than 200,000 over last year.

At the turn of the century, 5 per cent of adults had schooling beyond high school. Today, 23 per cent of Americans have more than one year of college, and 41 per cent of adults in the United States hold high school diplomas.

The college-age population grows each year. From 1950 to 1962, the number of boys and girls between the ages of 18 and 21, increased by 2 million.

Explosion is almost a better word to use than growth, when using any figures regarding the increased demands put on educational institutions.

In 1949, there were 22.2 million pupils enrolled in elementary schools, now there are 35 million.

In the last year before the "fabulous fifties," there were 2.6 million students registered in the nation's colleges, now there are 4.4 million.

1949 was just 13 years ago.

Costs have gone up because of more students and the inflation pressures which would have pushed up costs if no increases in demands had occurred.

The education bill last year came to \$32 billion which was an increase of \$2.6 billion from the previous year.

To say that education is big business, is to understate the undertaking.

To say that supporting the best education possible at all levels of schooling is a challenge we must face or step aside from the mainstream of history.

Lee Democrats Host Gov. Otto Kerner

Gov. Otto Kerner was guest speaker Friday night at the annual Lee County Democratic Central Committee's Chicken and Catfish Fry. Pictured with Kerner are from left, State Rep. Tobias (Toby) Barry, Ladd; Kerner; Lee Democratic Chairman Edward Sullivan, Amboy, and Lee Democratic Secretary Gladys Giblin, Harmon.

Accomplishments Cited By Kerner to Lee Demos

AMBOY — Gov. Otto Kerner carried his re-election campaign into Lee County Friday as he spoke of the accomplishments of his administration to over 1,250 people at the 4-H Center near here.

Kerner was guest speaker at the Lee County Democratic Central Committee's Annual Chicken and Catfish Fry.

The governor was introduced by 40th District State Rep. Tobias (Toby) Barry, Ladd.

Kerner expounded the achievements of his administration in the fields of mental health, industrial expansion and the fiscal picture.

Kerner charged his predecessor, (William G. Stratton) with not being man enough to run the state with a 24 month budget per biennium. The governor added that one of the first items he had to take care of was a \$13½ million deficit from the previous administration. "But, I did it. It was not popular to ask for a tax increase but I had to find the money to run the state."

Kerner said his administration was the first and only state administration to ever begin with a deficit. "Even the 1930's under Gov. Horner were not as bad as the financial picture of Illinois when I took office."

The governor added that by careful management, he turned the \$13½ million deficit into a \$50 million in the black. "A governor of a nearby state did not do as good of a job, and they want to run him for president," said Kerner, referring to Gov. George Romney of Michigan, a Republican.

Kerner turned to mental health and cited another first in his rec-

ord. The governor said he was the first governor to appoint a psychiatrist to head the mental health department.

"When I became governor, Illinois' mental health department was the laughing stock of the nation," Kerner said. He added that Illinois has hired 1,500 in institutions, but "it is not enough."

Under the Illinois program, Kerner explained, patients are no longer treated as "vegetables. Illinois is now providing treatment instead of custodial care for the 50,000 persons in mental institutions."

Kerner cited an example of 297 residents at Anna State Hospital. "In 1960, all 297 were bedridden. Today, after treatment, only 13 are bedridden and most are home," Kerner said.

The governor added that President Kennedy's federal mental health program was copied from the Illinois plan.

He pledged his mental health program to reduce the number of residents in mental institutions by 20,000 or more by 1970. "The world is looking at Illinois and it will not be disappointed," Kerner said.

Commenting on his recent trip to Europe with 78 businessmen, Kerner claimed another first. "Our trade mission was the first state trade mission that was led by the governor and ours was also the largest group ever to go to Europe."

Kerner charged that Illinois became fat and self-satisfied in industry years from agriculture and industry were booming. But soon greener pas-

Goldwater

Says Things Are Going All Right

PITTSBURGH (AP) — Sen. Barry Goldwater thinks "things are going all right" in the presidential race he hasn't formally entered.

While Goldwater gave that assessment of the 1964 Republican picture, leaders of the drive to put him at the top of the GOP ticket gathered in Washington to size up operations.

"Why rush? Things are going all right," Goldwater said Friday night when newsmen asked him when he will announce whether or not he is a candidate for the nomination.

Later, he answered questions at a Harvard Business School Assn. dinner, and this was the first one: "Why delay your announcement; we're all for you?"

It won applause from more than 700 Pittsburgh businessmen and their wives. So did Goldwater's reply.

The Arizona senator said he'd need "some time to really think about the whole thing."

"Besides," added Goldwater, who tops public opinion polls on the nomination, "it's going all right the way it is."

Goldwater had some barbed comment on Gov. Nelson A. Rockefeller of New York, the only declared candidate for the GOP nomination. He told a news conference Rockefeller has been wrong about 90 per cent of the time in his representation of Goldwater positions.

"I haven't heard his programs, any of them," Goldwater said. "Mine have been tossed around from pillar to post for years."

As for Rockefeller's criticism of Goldwater positions, the senator said "if he would be more specific in these charges then we could help understand what I as a senator have been trying to do."

"I'm dealing with government at a national level, and he's dealing at a state level. It's a little hard for governors sometimes to make the jump, it takes a little while."

In Washington today leaders of draft-Goldwater organizations from about half the states meet in closed session to discuss their movement and plan their campaign to make the senator the nominee.

Remap Group Stalled

CHICAGO (AP) — Less than one month remains for Republicans and Democrats to thrash out their differences over remapping state representative districts.

If the commission charged with redistricting reaches no decision by Dec. 14—and an agreement in principle must come substantially before that date—voters could face a statewide fight for the 177 House seats.

Through nine meetings of the state redistricting commission, there has been no break in the issue that has bedeviled the five Republican and five Democratic members.

The GOP members have insisted on reducing Chicago's districts from 23 to 21 while increasing the Cook county suburban share from 7 to 9. Friday, high ranking Illinois Republicans publicly backed the reduction for Chicago.

Democratic commission members, while not insisting on retaining the 23 districts, have sought to negotiate the issue.

The deadlock is total: Democrats say they won't go for 21 districts, and Republicans refused to meet again until the Democrats capitulate.

The support for the GOP position came from party powerhouses—the state central committee and Secretary of State Charles F. Carpenter.

Victor Smith, central committee chairman, said after a closed-door meeting Friday, "The committee will continue to press for constitutional

Kennedy Flies To Canaveral For Inspection

CAPE CANAVERAL, Fla. (AP) — President Kennedy flew here today for a first hand report on the nation's man in space program and to watch the submarine firing of a Polaris missile.

The presidential jet touched down on the Cape Canaveral strip at 10:10 a.m. EST after a flight from Palm Beach where Kennedy is relaxing for the weekend.

He was greeted by test center and National Aeronautics and Space Administration officials and immediately joined a motorcade for a swift tour.

A jammed two-hour schedule called for the chief executive to view the world's most powerful rocket, a Saturn 1; discuss the two-man Gemini program with astronauts Leroy Gordon Cooper Jr. and Virgil I. Grissom; receive a progress report on the Apollo man-to-the-moon project; helicopter over the nation's budding moonport, and helicopter to a ship 30 miles at sea to watch the Polaris launching from the submerged nuclear submarine Andrew Jackson.

The visit was calculated to boost the embattled manned lunar landing program, which has come under heavy criticism from some quarters recently, primarily because of the high cost, estimated between \$20 billion and \$40 billion dollars.

Congress still has not approved a fiscal 1964 budget for the National Aeronautics and Space Administration, which originally requested \$5.7 billion. Earlier this week the Senate Appropriations Committee okayed a sharply trimmed \$5.19-billion figure.

Astronauts Cooper and Grissom, veteran space pilots of the Mercury manned flight program, coordinate over-all Gemini planning as their specialty assignment on the 30-man astronaut team.

The first unmanned Gemini orbital flight is scheduled in February. The initial two-man orbital mission is slated late next year. Eventually, Gemini teams will remain in orbit up to two weeks and will rendezvous their spacecraft with other orbiting satellites to practice techniques essential for Apollo.

The mammoth Saturn 1 rocket towers 16 stories above the base of launching pad 37. Engineers are readying it for its first two-stage test flight next month—an effort to hurl the world's largest satellite, a 33,000-pound monster, into orbit. The Saturn 1 generates 1.5 million pounds of thrust.

America's moonport is on Merritt Island, an 87,000-acre tract adjoining Cape Canaveral. Here, NASA is spending nearly one billion dollars on facilities for Apollo launches.

The 140-man Andrew Jackson Gold crew was aboard the submarine to conduct the firing of the Polaris A2 missile, a weapon with a range of

Aid Defeat Flashes Red Light

WASHINGTON (AP) — The Senate's \$827,250,000 cut in President Kennedy's foreign aid bill flashed a warning to the administration that the whole overseas assistance program, unless sharply curtailed and revised, may be on its way out.

The amendment—riddled \$3,702,365,000 authorization measure — more sharply reduced than any since the foreign aid program started after World War II — cleared the Senate Friday by a 63-17 vote.

But the temper in Congress — and presumably around the country, judging from what senators say about their mail—is such that further cuts seem certain next week. Senate and House conferees meet then to adjust differences between the Senate bill and the \$3,502,075,000 measure previously voted by the House.

And further reductions appear likely when Congress acts on the foreign aid appropriations measure which will provide the actual money for which the authorization bill simply sets ceilings.

Sen. J. W. Fulbright, D-Ark., who had the task of steering the bill to passage, said in an interview that the future of the whole program is in danger unless the Agency for International Development (AID) can make it more palatable to Congress next year.

Fulbright, chairman of the Senate Foreign Relations Committee, said that "the present pattern of aid is no longer feasible and some new approach will have to be found for American assistance in the development of underdeveloped countries."

With growing protests from around the country against multibillion-dollar expenditures with prosperous Allies refusing to shoulder their share of the burden, Fulbright asserted, "our present course is no 'our present course is no longer politically feasible.'"

The revolt against the program drew support from both parties and was led by Democrats who turned a deaf ear to Kennedy's pleadings.

He told his news conference Thursday in evident exasperation that he had "tried to make it very clear that I cannot fulfill my responsibilities in the field of foreign policy without this program."

Friday, Kennedy had no comment.

State GOP Chairman Visits County
Greeting Victor Smith, Robinson, (center), chairman of the Republican State Central Committee, is Mrs. Ruth Shaw, Amboy, chairman of the Lee County Republican Women's Committee, and James E. Bales, chairman of the Lee County Republican Central Committee.

"The philosophy of the Democrats seems to be that what is good for the Democratic Party is good for Illinois."

Victor Smith, Robinson, chairman of the Republican State Central Committee, told a Lee County audience Friday night in commenting on the reapportionment dispute which must be resolved by Dec. 14, or the 177 representatives to the Illinois General Assembly will have to run at-large.

Smith flew from Chicago where he has been attending a two-day meeting on reapportionment. It was his first visit to the county.

The state chairman said, "If Chicago Mayor Richard J. Daley has his way and an at-large election is held next year, all of our state representatives might well be from Chicago and the metropolitan area."

Smith charged that the Democrats' unwillingness to go along with a compromise which is within the limits of the Illinois Constitution is a defiance of that document.

The GOP leader was critical of Gov. Otto Kerner's leadership complaining that, "The governor cannot speak unless Daley tells him what to say."

The state GOP committee has been meeting in Chicago to discuss ways of breaking the deadlock which is formed strictly along par-

ty lines. "Our committee has been most patient," he said, "but it has been up against a stone wall."

The reapportionment issue evolved because of the requirements of the Illinois Constitution for equality of representation among the several legislative districts of the state.

The last session of the General Assembly passed a redistricting bill which was vetoed by Kerner.

A special commission, appointed by the governor, is now at work to submit a compromise between Republican and Democratic demands.

The Democrats want to hold on to more districts in Chicago, a Democratic stronghold, than the Republicans contend is proper. The GOP maintains that population shifts from the city to the suburbs has been enough to require shifting districts from Chicago to the suburban area.

The Democrats resist this because the suburban vote has traditionally favored the Republican candidates.

Smith made no hopeful prediction about settling the stalemate.

Turning to state politics, Smith predicted a Republican governor would be elected in Illinois next year.

He also predicted the defeat of

News About Area Men In Service

U.S. FORCES, OKINAWA — Larry J. Cude, son of Mr. and Mrs. Orville E. Cude, 1072 Westview Drive, Rochelle, was promoted in late October to specialist four on Okinawa, where he is serving with the U.S. Army Signal Group.

Cude, a communications center specialist in the group's Headquarters Company, entered the Army in March 1962, completed basic training at Fort Knox, Ky., and arrived overseas the following November.

The 18-year-old soldier attended Rochelle Township High School.

GREAT LAKES, Ill. — Max E. Potts, 19, son of Mrs. Jeanette M. Potts, Jackson St., Ohio, recently completed basic training at the Naval Training Center, Great Lakes.

The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, physical fitness, first aid and survival.

During the training recruits receive tests and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service schools for technical instruction or to ships and stations for on-the-job training in a Navy rating specialty.

GOODFELLOW AFB, Tex. — Airman Second Class James A. Graf, Mount Morris, has completed a special Air Force course for communications technicians here.

Airman Graf is the son of Mr. and Mrs. Frank E. Graf Jr., 214 W. Main St., Mount Morris, and is a graduate of Mount Morris High School.

Forrester Men Will Attend Meet

FORRESTON — Four Forrester men will attend a science and math conference at Beloit College, Beloit, Wis., Saturday. They include two science teachers, Lauren Fredrick and Keith Blackmore; school board member, Robert S. Smith, and high school superintendent, John I. Masterson.

Registration is at 9:15 a.m., with the conclusion at a 6:15 p.m. dinner meeting with an address by Dr. John S. Richardson, Ohio State University. Another authority for the day is Dr. Dean Stokes, superintendent of Glenbard Township High School and former director of secondary education in Cedar Rapids, Iowa. Beloit College professors will also participate in the day's program.

The meeting is jointly sponsored by Beloit College and the National Science Foundation.

Woman's Club Meets In Oregon

OREGON — The Oregon Woman's Club held their business meeting Thursday evening in the Library Club room and voted to dispense with the annual teachers' tea and reception and elected Mrs. Keith Wood to replace Mrs. W. L. Pickering as corresponding secretary.

Mrs. Robert Shultz presided at the meeting in the absence of the president. Mrs. Shultz is also membership chairman and reported 117 paid members in the Club. Letters had been mailed to members about special interest groups and members are asked to contact Mrs. Shultz about the class interested in. The classes designated to date are beginners bridge; advanced bridge; Mr. and Mrs. Bridge; Woman's Club Chorus; art classes; afternoon bowling; and mosaic art. Anyone interested in a group not listed may contact Mrs. Shultz, and if enough are interested, a class may be organized.

A recommendation was made by the Executive Board and passed by the members that the annual tea and reception given in the fall for teachers would be dispensed with. Instead, the teachers will be given a complimentary ticket to the first meeting of the Woman's Club in the fall which will be a social meeting and usually with an out-of-town speaker.

The Club voted to purchase two coffee makers with a 30 to 40 cup capacity each for the use of the club at meetings.

A motion was approved that the Feb. 9, 1964, meeting at the Oregon Coliseum will be open to the public. Marcus Bach, world traveler, author, and an authority on contemporary religious movements, will provide the program.

Mrs. W. L. Pickering resigned as corresponding secretary because of her health and the nominating committee presented Mrs. Keith Wood to replace her. A unanimous vote elected Mrs. Wood.

The Club voted to invest \$1,500 of Woman's Club funds in savings account.

Coffee, tea and cookies were served by the house committee with Mrs. Paul Deuth and Mrs. E. G. Landers as co-chairmen. The fall theme with colors of brown and orange were used in the table cover, napkins, and decorations with fall leaves arranged in the centerpiece.

Topical Fluoride Free Treatments Available In Three Dixon Schools

During the remainder of November and part of December, second grade students in Madison, South Central, and Jefferson schools will be eligible to receive free topical fluoride treatment for the prevention of dental decay. Children in Grand Detour, Washington, Lincoln, and South Central have already participated in the program.

The treatment program is being conducted in the schools with the approval of the Dixon Dental Assn., the Dixon Board of Education and the Lee County Health Department.

Topical fluoride treatment is simple, painless, and effective in preventing dental decay, the most common disease of our school-age children, according to Dr. Robert Miles, Lee County Health Officer.

Many dental authorities indicate that such treatment, on a group basis, will reduce decay by approximately 40 per cent, the reduction applying to teeth present in the mouth at the time of treatment.

Treatment consists of a preliminary prophylaxis (cleaning) of the

teeth, after which they are dried and a solution of fluoride is applied to all teeth for four minutes.

Following treatment, the student is advised not to eat, drink, or chew anything for 30 minutes, so as to retain the fluoride on the teeth for greatest effectiveness. The fluoride is absorbed in very small amounts by the enamel of the tooth, which makes it more resistant to decay.

Because this is the first year for the program in the Dixon schools, it is planned that treatment will be made available only to second graders. However, if sufficient time is available, it may be possible to include some fifth graders in the program. Eventually, it is hoped that all second, fifth, and eighth graders will be included annually.

Many dental authorities advise such treatment at 3 or 4 years, and at 7, 10, and 13 years of age. Throughout the country, some dentists advise treatment annually or even more frequently for children who are particularly susceptible to dental decay.

Parental consent forms will be furnished to second graders in the remaining schools, and these forms should be filled out completely by the parents and returned to the school to properly authorize treatment. Parents are requested to return all these forms to the school, whether signed or not.

Parents who have any questions concerning the program are advised to ask their family dentist for advice.

Aid ...

(Continued from Page 1)

Kennedy's request for military aid from \$1,405,000,000 to \$1 billion; economic development loans from \$1,060,000,000 to \$950 million; supporting assistance to defense pact allies from \$435 to \$380 million; the President's contingency fund for emergencies from \$300 to \$175 million; the Alliance for Progress from \$650 to \$600 million; and development grants from \$257 million to \$225 million.

Final passage came after the Senate deferred a bitter row over grain sales to the Soviet bloc.

It did so only after Sens. Karl E. Mundt, R-S.D., was persuaded to withdraw an amendment prohibiting the Export-Import Bank from underwriting — for a 5 per cent fee — any losses by American banks financing the \$6-million sale of surplus wheat to Hungary.

Mundt dropped the amendment after receiving guarantees from Democratic and Republican leaders that his amendment will be acted on as separate proposal.

of the American Embassy was notified by Foreign Minister Andrei Gromyko today that the Soviet government had decided to release Prof. Barghoorn and expel him from the U.S.S.R.

"Foreign Minister Gromyko said this action was taken in view of the personal concern expressed by President Kennedy about Prof. Barghoorn's arrest."

Far from acting like an ostrich, the United States poured \$366 million in economic and military aid into Cambodia between 1955 and June 30, this year. About \$30 million was envisaged for the fiscal year ending June 30, 1964.

American military advisers are stationed in Cambodia and U.S. Air Force instructors train Cambodians to fly U.S. airplanes. Shipments of American planes were stepped up last year, apparently in reaction to Cambodia's threat to lean more heavily on the Soviet Union for military hardware.

But the Chinese have spared no effort to woo Sihanouk.

Smith was introduced to local Republicans by Lee County State's Atty. James E. Bales, also chairman of the Lee County Central Republican Committee.

Mayor George Lindquist welcomed Smith to the community, and Rep. C. K. Willett spoke briefly.

Mrs. Ruth Shaw, Amboy, chairman of the Lee County Republican Central Women's Committee, presided at the meeting.

EDWARDS AIR FORCE BASE, Calif. (AP) — The Air Force says an F104 jet streaked to an altitude of 22½ miles, setting an unofficial record for ground takeoff.

The Starfighter, with Maj. Robert W. Smith at the controls, went to 118,860 feet to top the official 113,890-foot mark held by a Soviet pilot.

Smith's record was announced Friday.

tures beckoned and industry moved out.

Kerner said he took matters in his own hands. As part of his industrial expansion program for Illinois Kerner pointed to two recent examples.

"Just this week I have talked with the presidents of the Hershey Chocolate Co. and Chrysler Corporation. I think I can safely say Illinois will have an additional plant from each of the companies thanks to the conversations."

He also cited the movement of two tire manufacturing plants into the state, and added that another firm—U.S. Rubber—is seeking a site.

The governor said the recent trade mission to Europe returned with \$600,000 in contracts, which is expected to expand into \$5½ million in new business for Illinois plants.

The committee serving the dinner ran out of catfish, causing the Rev. Fr. Robert C. Troy, pastor of St. Patrick's Church, Amboy, to issue a special dispensation to all Catholics allowing them to eat the chicken on Friday.

News of The Nation

SAN DIEGO, Calif. (AP) — The FBI is seeking two North Island Naval Air Station sailors for questioning in connection with a payroll robbery of \$125,000 from a bank inside San Diego Naval station.

The pair were identified as Victor Lawrence Taylor, 22, and Jeremiah Robert Terrence, in his early 20s.

TUSCALOOSA, Ala. (AP) — A pre-dawn explosion on the University of Alabama campus today tore a small hole in the street in front of a girls' dormitory.

The explosion of undetermined origin was reported in front of Mary Burke hall east. It made a hole about eight inches across and four or five inches deep. No injuries were reported.

A Negro student, Vivian Malone, lives in Mary Burke hall west, a building behind Burke East, about 40 yards away.

WASHINGTON (AP) — The State Department expressed pleasure today at the release by the Soviet Union of Professor Frederick C. Barghoorn but said no plans have yet been made for sending a U.S. cultural mission to Moscow.

The departure of the mission to negotiate a new cultural exchange with the Soviet Union was postponed earlier this week because of Barghoorn's arrest on spy charges.

Vows Are Said in Amboy Church By Miss Friel and Joseph Long

AMBOY—A wedding gown of candlelight chantilly lace and satin was chosen by Miss Le Ellen Mae Friel for her Oct. 26 marriage to Joseph Long performed in St. Patrick's Catholic Church, Amboy, by the Rev. Fr. Robert C. Troy.

Parents of the newlyweds are Mr. and Mrs. Willard Friel and Mrs. Grace Long, Amboy.

Altar Decorations

Ferns and lighted tapers trimmed the church altars for the morning double-ring ceremony, and Roland Full was accompanied by Sister Hilary, organist, as he sang "Ave Maria" and "On This Day O Beautiful Mother."

The bride's gown, fashioned with a lace bodice and floor length skirt of satin, was accented by waistline satin roses and a chapel train. A pearl crown held her fingertip illusion veil, and she carried a bouquet of white phalaenopsis orchids and stephanotis with a white prayer book.

She was given in marriage by her father, and was attended by her sisters, Mrs. Donald Schambarger, Amboy, and Mrs. Russell Stratton, Dixon, who were attired in frocks of green sheer crepe worn over matching taffeta. Pearl-trimmed smoking trimmed their bouffant skirts, and their flowers were arrangements of bronze and gold Fuji chrysanthemums.

As flower girls, Miss Caren Knudsen, Moline, and Miss Bonnie Sue Schambarger, Amboy, wore identical green velvet dresses and carried baskets filled with gold pompons. Timmy Friel, brother of the bride, served as ceremonial ringbearer.

A beige brocade dress was worn with brown accessories by Mrs. Friel for her daughter's wedding, and the bridegroom's mother chose a dress of rose-pink lace and black accessories. Both wore corsages of red roses.

Herbert Long, Aurora, attended his brother as best man, and another brother, Leroy Long, Columbus, Ga., acted as groomsmen.

Wedding guests from Amboy, Dixon, Batavia, Naperville, Aurora, Ohio, Rockford, Moline, Mendota, Cherry and from Columbus, Ga., were ushered by John Long and Robert Friel, Amboy.

Reception

Larry Masters, Amboy, was in charge of decorating the church hall where a reception honoring the newlyweds was held following the service. Centerpieces of autumn flowers combined with leaves and clusters of grapes trimmed the guest tables, and similar decorations were used with white wedding bells on the refreshment table.

The new Mrs. Long, a graduate of Amboy High School and an employee of Eastern Airlines in Chicago, wore a three-piece beige knit suit with brown accessories for their Wisconsin wedding trip.

Mr. Long also graduated from the Amboy school and is a recent graduate of Peoria Barber College.

Dr. Metzger Is Eta Chi Speaker

The Dixon State School program for retarded children was described by Dr. Roland Metzger, member of the school staff and guest speaker at Tuesday night's meeting for Eta Chi Chapter, Beta Sigma Phi Sorority, held in the home of Mrs. Paul Johns.

Dr. Metzger also defined various stages of retardation among children residing at the school and stressed the need for additional volunteer workers to assist the DSS staff.

Members of the sorority's Gamma Mu Chapter were guests for the special program, and co-hostesses were Mrs. Dolores Adams and Mrs. Lester Kubecka.

A Nov. 26 dinner-meeting at the Brown Shingle was planned for Eta Chi members when the pledge ritual will be given for Mrs. Donald Hess, Mrs. Richard C. Belcher, Miss Sharon Graf, Mrs. Gary Stevens and Mrs. William Wisner, and plans were also discussed for a Dec. 7 luncheon and card party for members of all Dixon sorority chapters.

MR. AND MRS. JOSEPH LONG

Beta Sigma Phi Chapters Elect Officers at Tuesday Meeting

Members of Beta Sigma Phi Exemplar Chapter and the newly organized Exemplar Preceptor Chapter were Tuesday evening guests of Mrs. William Northrop for a meeting which included the election of officers and a program, "The Written Word," by Mrs. Joseph Braun.

Officers of Preceptor Chapter, formed at a Nov. 7 dinner-meeting, include Mrs. C. Lyle Ballard, president; Mrs. Dwight Mondlock, vice president; Mrs. Wendell Snell, corresponding secretary; Mrs. Arthur Cook, recording secretary; Mrs. John Cornwell, treasurer, and Mrs. Robert Wentling, sorority city council representative.

Mrs. Braun's program included information on the proper selection and addressing of personal greeting cards and accepted forms of extending invitations and announcements. Excerpts on social etiquette from a book by Amy Vanderbilt were read to illustrate her program topic.

New officers of Exemplar Chapter elected at the meeting are Mrs. Dallas Lacoursiere, president; Mrs. Jack Schuler, vice president and sorority city council representative; Mrs. Jerry Brady, corresponding secretary; Mrs. William Short, recording secretary; Mrs. Duane Bothe, treasurer, and Mrs. Judy Brevitt, assistant treasurer and alternate city council representative.

Mrs. Lacoursiere outlined plans for a Dec. 7 luncheon and card party at 12:30 p.m. in the Nachusa House for all Dixon chapters, and members are asked to make reservations with Mrs. Eugene Phalen.

Miss Evelyn Smith, co-hostess for the meeting, assisted Mrs. Northrop in serving refreshments, and Mrs. Bothe will be assisting hostess for the next meeting in the home of Mrs. Braun.

Dixon Girl Scout Activities

An investiture ceremony was conducted at a recent meeting of the Washington School Brownie Troop No. 47 led by Mrs. Donald E. Huffman and Mrs. Senlo Distin.

Members invested were Cheryl Meyer, Debra Jandry, Kathy Filippi, Beverly Hays, Terri Brooks, Sally Long, Stacy Smith, Jackie Van Natta, Cindy Rorer, Leigh Swegle, Debra Rizner, Susan Huffman and Donna Distin.

One-year service pins were also awarded to Patty Kramer, Jan Campbell, Barbara Fout, Jo Ellen Sweet, Becky Barton, Renate Delchev, Linda Swegle, Cynthia Brand, Gaye Anne Krell and Bonita Baebler.

Mothers of troop members attended the ceremony, and refreshments were served by Mrs. William Kramer and Mrs. Phillip Filippi, committee members.

Mrs. John Harvey, Mrs. Henry Kelson and Mrs. Lowell Beggs, officers of Pine Tree Neighborhood, attended a recent meeting of the Green Hills Council in Mount Carroll.

Adult members of Pine Tree Neighborhood who recently received Girl Scout service pins included Mrs. Harvey, 15-year pin; Mrs. Gerald Emmert, Mrs. Victor Eichler, and Mrs. David McNabb, ten-year pins, and Mrs. Donald Ortgiesen, Mrs. John Oden, Mrs. Harold Rosenkrans and Mrs. Edward Harris, five-year pins.

A Christmas workshop is planned for Thursday's Pine Tree Neighborhood meeting at 1:15 p.m. in St. Luke's Episcopal Church and will include handicraft displays and demonstrations. Each leader is asked to bring two articles for the workshop suitable for the age level of her troop.

A film on troop financing will also be shown and refreshments will be served at the conclusion of the meeting.

served a dessert luncheon preceding the program, and Mrs. Spencer Johnson was introduced as a new club member.

Mrs. Donald Womeldorff attended the meeting as the guest of her sister-in-law, Mrs. Dawson Womeldorff, club president.

The City Council is to be congratulated for their planning to widen the downtown streets in Dixon. The Dixon Telegraph has advocated widening our streets as far back as some 20 years and we are happy to see some action take place. While they are in the mood we would like to see parking put back on Galena Avenue down town.

It has been said that Dixon looks like a ghost town to tourists going through on this street. It would not only give Dixon some more needed parking, but the speed could be cut down and this might save a life. It is a miracle that no one has been killed the way traffic speeds up and down Galena Avenue.

Last, but not least, the stores and merchants on Galena Avenue are suffering from the fact people are not allowed to park or even be allowed to stop and get out of a car to go in and shop.

The owners of these buildings as well as the merchants have large investments and pay large taxes, and the Telegraph believes they certainly should have the same consideration as any other merchant or building owner in any other part of Dixon.

If there is a reason why parking is prohibited, there are certainly other good reasons why something should be done to try and change this discrepancy. We believe in fair play.

New Non-Fiction
I Chose Capitol Punishment, by Art Buchwald, from Washington, D.C., Art Buchwald, columnist for the New York Herald Tribune, presents his satiric and humorous comments on the whole panorama of American life.

The Council in Action, by Haus Kung, is a collection of lectures given to Bishops, Roman Colleges, and the press during the first session of the Second Vatican Council. They analyze the main issues, controversies, problems and prospects.

Journeys in Green Places, by Virginia Eifert. The setting is the Door Peninsula in Wisconsin. Beginning with the end of the Ice Age, the author tells the story of how a land that once lay two miles under ice, was slowly transformed by a great springtime of planting and in so doing presents the ecology of the area.

Happiness Is a Warm Puppy, by Charles M. Schulz is the small cartoon book which stayed on the Best Seller list for several months, and is still greatly in demand.

The Shroud, by John Walsh. This is the controversial history of a cloth that has been accepted as the shroud of Christ, and denounced as a fraud, presented objectively.

A Short History of Fingers, by H. Allen Smith incorporates the author's wit with shiny new facts of his personality.

The Working Wives' (Salaried or Otherwise) Cook Book, by Theodora Zaim. This unique cook book shows how a clever system of organization, planning and cooking make it possible to spend most of the pre-dinner hours out of the kitchen.

Binoculars and Scopes, by Robert J. Reichert is a practical book written especially for wild-life enthusiasts, bird watchers, and photographers.

To Remember Forever, by Gladys Hasty Carroll. This journal of her college years at a small New England college in the early twenties will be of special interest to readers of Mrs. Carroll's novels.

As I Remember Then, by Eddie Cantor is a collection of his memories of fifty years of show business and the men and women with whom he shared experiences.

The Blue Sapphire, by E. Stevenson. Julia was engaged to a stuffy sort of Englishman, until she met Stephen Brett from Africa, with a blue sapphire just meant for her, and a love that wanted to give, not take.

A Fig in Winter, by Willa Gibbs. Marcus Aurelius as seen through the eyes of a young Christian slave. The novel draws a portrait of the Roman Emperor and his city from the religious viewpoint, in depicting the official policy of the time in regard to the Christian faith.

Monte Walsh, by Jack Schaefer. The author, who ranks among the top serious writers dealing with Western scenes, shows the life and death of the cowboy's West in these episodes in the life of Monte Walsh, a good man with a horse.

The New Moon With The Old, by Dodie Smith. When Jane Minton arrives at Dome House as secretary-housekeeper she finds a family of grown up, artistic "children." When disaster strikes she finds them all quite able to stand on their own feet.

The Pilgrim Prince, by Gladys H. Barr is a fascinating biographical novel of the great reformer John Bunyan, whose "Pilgrim's Progress" is the second-best-selling book of all time.

The Chinese Garden, by Rosemary Manning is a compassionate story of a young woman corrupted by hypocrisy and deceit.

The Twisted Saber, by Philip Vail is a biographical novel about Benedict Arnold.

Mystery and Western
Make My Bed Soon, by Jack Webb.
Dead Water, by Ngain Marsh.
The Scene of the Crime, by John Creasy.

Dear Ann:

By ANN LANDERS

Dear Ann Landers: I am a 13-year-old girl and in the eighth grade. In our class at school there are two groups of girls. One group is known as the clicks and the other group is known as the clucks.

The clicks are the fast kids and the clucks are the slow kids. Clicks do their hair up fancy, smoke, make-out, and are boy crazy. Clucks study a lot, they do not wear lipstick, even on the sneaks, and they seem sort of boring and baby-ish.

My problem is that I can't make up my mind which group I want to join. I look more like a Click, but my actions fit the Clucks better.

Can you help me decide? — BIRDIE
Dear Birdie: No, I can't help you decide. This decision is one only you can make.

I can tell you, however, that I've received thousands of letters from Clicks who wish they had stayed Clucks.

Dear Ann Landers: I just finished reading the letter from the young man who wrote about his dainty bride who snored worse than any Army buddy he'd ever bunked with. Well, I, too, have been married less than a year. My wife told me after two weeks that I had to do something about my snoring because I was keeping her up nights.

I went to a doctor and he could find nothing wrong with my nose or throat. He told me I had developed a habit of sleeping with my mouth open, and that's why I snored.

I was determined to break the habit and decided to experiment. Before retiring I placed two pieces of ordinary adhesive tape over my mouth. This is not nearly so uncomfortable as it sounds. After one week my problem was solved. I no longer have to use the tape. I now sleep with my mouth closed.

No kidding, Ann. It works. Try it. — SNORE NO MORE
Dear Snore: Thanks for your suggestion but I don't have to try it. I don't snore.

Dear Ann: My mother was always certain I would marry the richest and handsomest man in the world. When I married only the kindest and most loving she was crushed. Mother punished me for disappointing her by denying me the lovely wedding I had always dreamed of. She said his family was "not suitable to show off to our friends."

For two years after our marriage I tried to get mother to see Ben's fine qualities and to accept him. She refused to even speak his name. We were never once invited to her home for a meal. She came to our home only when Ben was out of the city.

Six months ago mother suffered a heart attack. She made a good recovery after several weeks in the hospital. The doctor said she should not be left alone. After she fired three nurses in two weeks, Ben insisted that we take her into our home. Since mother has been with us I have become a nervous wreck. She criticizes his English and belittles him continually. I leave the dinner table in tears every night. What shall I do? — ALICIA

Dear Alicia: Move your mother out of your home at once. Contribute to her support elsewhere if necessary, but don't subject yourself or

Ben to her presence. The alternative may be a monstrous medical bill to restore your own shattered health (and Ben's too).

You can make last year's RUBBER OVERSHOES more presentable for the coming slushy season by washing in water containing a few drops of ammonia. Then give them a thin coating of liquid shoe dressing.

WAXING FLOORS is always a job, but you can make sure you get best results, plus better-looking, longer-lasting floors. Just choose the wax best suited to your flooring material and equipment available. Use paste wax on wood floors (especially if very worn or very new). Never use paste on tile. Liquid cleaning polishing waxes are mostly all-purpose, except for tile. But careful! They both tend to yellow light floor coverings.

Use self-polishing waxes on light-colored floors and tile; on others (including wood) only when finish is in good condition. Never use on worn floors or those not water-tight (unsealed cork, concrete, etc.). Use buffable type with a floor polisher; the non-suff type without.

Make an attractive PLANT HOLD-ER for narrow window sills by attaching a curtain rod to frame. It should cross window at a level that hits pots about midway, so plants can't fall or tip over.

Thanksgiving is just around the corner—time to worry ABOUT THAT TURKEY-BIRD. By the middle of next week you should have consulted your butcher about your turkey. Start clearing space for it in your refrigerator before you pick it up. If it's a fresh bird, arrange to get it if it's frozen, get it the Tuesday before so you can defrost it the safest way—in your refrigerator. Average 10-12 lb. bird will defrost in 48 hours—for a large turkey, plan more defrosting time.

Pretty-up your holiday table with these **SIMPLE, BUT DECORATIVE CENTERPIECES**. On a cake stand center a small ball of clay and stick in some sprigs of wheat. Then arrange colorful fruit all around, topping off with all kinds of nuts. For another: Take any wicker bread basket and fill with grapes (purple and green). Set several candles among the bunches.

So many young wives think there is a tried and true formula for keeping their husband's love for a lifetime.

No advice is foolproof on this subject. But here are a few suggestions that will help:

Be a lady. Styles come and go, but a man always likes to think that his own wife is a lady—in the finest meaning of that old-fashioned word.

Be independent. Have ideas of your own, outside interests of your own. You don't have to be a clinging vine to be feminine.

Be happy. Too many wives think it is up to their husbands to make them happy. But you'll never be happy if you demand happiness as a gift from someone else. Be happy yourself, and your happiness will carry over to your husband and your home.

Be generous. A selfish woman is often successful at getting a man, but rarely successful in holding his love.

Be companionable. That isn't just a matter of sharing your husband's interests, but also of fitting your moods to his.

Be proud of your job as wife and homemaker. Be good at the job and let your husband know you consider it worth your best.

Be trustworthy. A man needs to know that he can always count on his wife.

Keep your sense of humor. It is a woman's best weapon against being bored or boring.

Be courageous. A wife who is afraid to meet challenges doesn't pull her own weight.

Western Division Showdown Is Sunday

Illini Fight For Survival In Big Ten

CHICAGO (AP)—Illinois fights for survival in the Big Ten football race today and Ohio State hopes to climb back into a first place tie with Michigan State.

Illinois takes a 4-1 record to Wisconsin and needs a victory to remain in title contention. Wisconsin, dethroned 1962 champion, has a 3-2 record.

Ohio State (3-0-1) takes on a dangerous Northwestern team which carries a 2-4 mark into the game after three successive losses which left the pre-season conference favorite little hope of even finishing in the first division.

These two important conference battles push into the background the Notre Dame-Michigan State game although the Spartans lead the league. Other games Saturday finds Iowa (2-3) at Michigan (2-2-1), Minnesota (1-4) at Purdue (2-3), and Indiana at Oregon.

If Ohio State and Illinois both lose, Michigan State would clinch at least a share of the title and be assured of the Rose Bowl bid. Illinois would be out of the running and even if Ohio State gained a tie title, the bid would go to the Spartans because Ohio State made the most recent trip between the two teams.

Illinois can win the title only with victories over Wisconsin today and Michigan State next Saturday, coupled with an Ohio State defeat in the Buckeyes' final games against Northwestern and Michigan.

In order for Ohio State to win, the Buckeyes would have to capture their final two games and have Illinois defeat Michigan State next week.

Rose Queen Not To Be Integrated

PASADENA, Calif. (AP)—Selection of the Tournament of Roses queen won't be made by an integrated committee, officials say.

Reacting to a request by the National Association for the Advancement of Colored People, tournament president Hillel Bedell said Friday:

"The tournament is a private organization and final selection of the queen is made the responsibility of the regular committee established for that purpose, as it always has been."

Sangster Drops McKinley in Tennis Tourney

SYDNEY, Australia (AP)—Mike Sangster of Britain beat United States ace Chuck McKinley 6-0, 6-3, 6-1 in the semi-final of the New South Wales Tennis Championship today but the American was reported to have suffered from muscle trouble.

American team captain Robert Kelleher said McKinley told him he suffered a recurrence of an old muscle spasm in the back during the match.

Canebora Named Canada's Horse Of the Year

TORONTO (AP)—Canebora, the second horse to win Canada's Triple Crown of Racing, has been unanimously selected as Canada's Horse of the Year.

Pro Bowl Extended Another 10 Years

LOS ANGELES (AP)—The All-Star Pro Bowl game, which matches outstanding players of the two divisions in the National Football League in a postseason struggle, is set for another 10 years in Los Angeles. A new contract was announced today.

Elorde Favored

MANILA (AP)—Flash Elorde of the Philippines weighed in at 130 pounds and challenger Love Allotey of Ghana at 128 for their 15-round title fight tonight.

Elorde, world junior lightweight champion, is the 7-5 favorite.

MRS. ATKINSON IS WINNER

WESTBURY, N. Y. (AP)—Ted Atkinson finished riding through the Illinois Racing Commission, but his wife, Martha Atkinson, scored her first victory at Roosevelt Raceway's fall meeting with a pacer.

Mr. Johnnybutch, a 5-year-old won with Maurice Pusey driving.

The win was the fourth in 20 starts for Mr. Johnnybutch this year. The Atkinsons reside in Glenview, Ill.

Memphis Bids For Bowl Berth Today

By The Associated Press
Memphis State, once called "little" but now an unbeaten little giant with giant-sized aspirations, goes after a major bowl bid tonight.

Sugar Bowl officials are expected to be in the stands at Memphis when the emerging Southern power, unbeaten in eight starts, takes a heavy favorite role into its game with Chattanooga.

Coach Billy (Spook) Murphy's Tennessee Tigers have failed to win only against mighty Mississippi, the nation's third-ranked team, and that one went to a scoreless tie.

"This is the first year Memphis State has been a power," a Sugar Bowl source said, "but the Sugar Bowl has no policy that would preclude an invitation to Memphis State. They are not being overlooked."

Mighty Ol' Miss, 6-0-1, for the season, is first in line for the host spot.

which could set up a rematch of that 0-0 affair with Memphis State. Mississippi, however, risked that standing against tough old foe Tennessee, 2-4, at Memphis this afternoon.

An Ol' Miss upset could throw things wide open, with No. 7 Alabama, No. 9 Auburn, Georgia Tech and North Carolina State all very much in the running.

Alabama, 6-1, and Georgia Tech, 6-2, a pair of ancient rivals, meet at Birmingham; Auburn, 6-1, is at Georgia, 4-3-1 and North Carolina State has a tough test lined up with Florida State.

The top game of the day remains Texas' attempt to retain its No. 1 national standing and remain the nation's only major unbeaten, untied team. The Longhorns, gunning for the host role in the Cotton Bowl, have a home game against Southwest Conference foe Texas Christian, a three-beaten team that long has served as a jinx to Texas.

Second-ranked Navy, led by the brilliant Roger Staubach, also could have its hands full. The Midshipmen take their 7-1 record to Durham, N. C., to play Duke, 5-2-1, a team they have not beaten in nine years.

In the Big Ten, No. 4 Michigan State, No. 8 Illinois and Ohio State all are in the running for the title and a spot in the Rose Bowl. Michigan State plays host to Notre Dame. Illinois is at tough Wisconsin and Ohio State is at home to Northwestern.

Washington, well on the way to securing the host spot in the Tournament of Roses, plays UCLA.

No. 5 Oklahoma and No. 10 Nebraska, locked in the battle for the Big Eight crown and an Orange Bowl berth, have warmup games before their head-to-head meeting a week from now. Tough Missouri visits Oklahoma while Nebraska is heavily favored against Oklahoma State.

Pitt, ranked sixth on its 6-1 record, is at home to Army.

Halfback Willie Brown broke open a tight aerial game with a 54-yard run in the third period and Southern California defeated Oregon State 28-22 in one of the two major games on Friday night's schedule. In the other Detroit edged Xavier of Ohio 6-0.

Balding Holds Two-Stroke Lead

MEXICO CITY (AP)—Toronto's lanky Al Balding carried a two-stroke lead and tank of oxygen into today's third round of the Mexico Open Golf Tournament.

Balding, who complained of feeling groggy at times because of the mile-and-a-half high altitude of the La Hacienda course, sniffed oxygen from time to time en route to his three-under-par second round 69 Friday.

That gave him a 36-hole total of 136 and gave him a two-stroke lead over Mexican Juan Neri, who shared the lead at the end of the first round.

Balding, the Canadian champion who had a first round 67, put together three birdies on the front nine, then settled down to par the incoming half of the 7,622-yard, par 72 layout.

A number of the other touring pros found the course to their liking and stayed well within striking range. Bob Gajda of Detroit, Ernie Vossler of Oklahoma City and Doug Sanders of Ojai, Calif., all shot second-round 69s. Gajda had a 130 going into today's round, Vossler and Sanders 140 each.

Ford Named Yanks' Pitching Coach

NEW YORK (AP)—The complaint for years against Whitey Ford has been that he's too selfish. The brainy New York Yankee southpaw refuses to reveal any of his pitching secrets.

The time finally has come for baseball's most successful pitcher to impart some of his knowledge. As the new pitching coach of the Yankees, it will be his duty to work with and help younger members of the staff in the hope that some of his mound brilliance rubs off on them.

Ford, dubbed "Chairman of the Board," by catcher Elston Howard, gained his new title Friday. Whitey was given a "substantial" raise

Forreton After League Championship This Year

By BRUCE RICHARDSON
Telegraph Sports Editor

FORRESTON — The Forreton Cardinals under head coach Bob Brinkmeier will be after one of the few honors that eluded the 21-7 team last season—the Route 72 Conference title.

The Cards won the title during the 1961-62 season but had to settle for third with a 10-4 mark even though they beat the champs, Winnebago, three times during the year.

Six senior lettermen are back from the club that went on to win the district tournament and advance to the regional tournament.

Heading the list of returnees is Gale Frank, a forward, teamed with guard Paul Swalve, who graduated last year, to pace the Cards in scoring during the 1962-63 season.

Both Frank and Swalve ripped nets for 364 points last year.

Also returning to the Forreton hardcourt is the team's leading rebounder, Randy Schneiderman, a forward. Schneiderman grabbed off 224 rebounds and also scored 178 points during the season to rank fourth in the individual scoring race.

Others back are center Harlan Ludewig, guard Bob Raleigh, guard Bob Bowers and forward Lee Coffman.

Raleigh was a starter at the beginning of the season but was lost mid-way through the year with an injury. He scored 77 points.

Brinkmeier said that his club "has pretty good speed." The Cards aren't too tall. Ludewig is 6-5 and Schneiderman at 6-2 are the tallest of the lettermen.

The other four range from 5-9 to 5-11. Bowers is 5-9, Coffman is 5-10 and Frank and Raleigh are 5-11.

Forreton opens the season Nov. 22 at Shannon. They open Route 72 play Dec. 6 hosting Leaf River.

Senior seniors on the squad are Lynn Greenfield, Drew Duitman and Brad Schoonhoven.

Gale Frank, a forward, Gagliardi, Gary Ross, Ron Finch, Dennis Meinert, Bill Duitman, Jim Schneiderman, Dick Stocker, Walt McIntosh, Jeff Moring, Ed Faulkner and Tom Frisbie.

Bargain Buy Has Returned Over \$100,000

NEW YORK (AP)—Paul Bongarzone, a New Jersey trailer camp operator who picked up Dean Carl as a \$10,000 claim a year ago, expects to cash in another hefty bundle on his bargain buy in the \$75,000-added Gallant Fox Handicap at Aqueduct today.

Dean Carl, a 3-year-old son of County Delight, already has earned \$118,750 in winning six races and finishing second three times in 18 starts. A week ago he captured the rich Roamer Handicap at Aqueduct and before that he copped the Lawrence Realization at the Big A and the Atlantic City Handicap.

Bongarzone's meal-ticket is a 5-2 early morning choice over 11 rivals in the 1 1/4 miles Gallant Fox for 3-year-olds and up. If all goes, the winner will collect \$57,500 of the \$87,000 gross.

Dean Carl, with Bobby Ussery in the saddle, has the top weight of 124 pounds.

Smart, carrying 117 pounds, is the second choice at 4-1.

Meet the Dukes Night Slated at Lancaster Gym

Dixon basketball fans will get a pre-season look at the 1963-64 Dixon High School basketball teams Monday night as the annual "Meet the Dukes" night will be held at Lancaster Gym. The program is slated to start at 7:30 p.m.

New head coach Dick Franklin will present his varsity squad and discuss the outlook for the coming season. Franklin's squad will also run through offensive and defensive plays. Assisting Franklin on the varsity level this year is Dick McCarthy.

The Duke varsity and frosh-soph clubs will open the season Nov. 22 hosting Fulton for a non-league game. The first North Central Illinois Conference game on the Dukes' card will be Dec. 13 against traditional rival Sterling on the Warriors' home floor.

Also slated on Monday's program will be the presentation of the freshmen and sophomore squads by their coaches Paul LaRussa and Chuck Vail.

George Covert, a local prep and college official, will discuss new rules and rule changes effective this season.

Prep Passer Hits for Seven Touchdowns

VIRGINIA BEACH, Va. (AP)—Buster O'Brien, the greatest passer in Virginia high school football history, closed out his career Friday night with 35 completions in 53 attempts for 538 yards and seven touchdowns as Princess Anne defeated winless Warwick 68-0.

The 6-foot-11 honor student finished this season with 22 scoring aeriels and ran his three-year career total to 61.

Green Bay Out To Avenge Loss

CHICAGO (AP)—The Chicago Bears and the Green Bay Packers meet Sunday in an effort to break their first-place tie in the Western Division of the National Football League.

The big game has been given the buildup of a heavyweight title fight, and the winner is considered a good bet to wrap up the divisional championship.

The Bears-Packers clash has shoved into the background Sunday's six other NFL games. St. Louis is at Cleveland and San Francisco is at New York with the Browns and the Giants favored to win and remain tied for the Eastern Division lead.

In the other games Pittsburgh is at Washington, Baltimore at Minnesota, Los Angeles at Detroit and Philadelphia at Dallas.

In the rival American League the

top Sunday game is at Buffalo where the Bills try for their fourth straight against the San Diego Chargers. Kansas City is at Boston and New York at Denver in other AFL tilts.

Green Bay is out to avenge a 10-3 season opening loss before starting a string of eight straight victories. The Bears, having lost only to San Francisco, hope to prove their earlier triumph over the Packers was no fluke.

Both teams have held secret practices, shrouded in mystery. But the only surprise for the standing-room-only crowd, which should hit 50,000, will be if either team strays from its basic patterns.

The Packers are favored by four points. The weather is expected to be cloudy and cool with a chance of showers.

Green Bay Coach Vince Lombardi has selected John Roach to start at quarterback, although Bart Starr's injured hand has healed. Roach has directed the Packers to three victories since Starr's injury.

Jim Taylor and Tom Moore, two of the league's top runners, will lead Green Bay's ground attack, and if the Packers need a field goal it will have to come off the foot of Jerry Kramer.

The Bears don't have any runners in the class of Taylor and Moore and will rely on the passing and generalship of quarterback Bill Wade. Rick Casares and Joe Marconi will split the fullback duties, but Coach George Halas will not say whether it will be Ronnie Bull or Willie Gailmore at left halfback.

The Bears' big forte is defense, which in six of nine games has held the opposition to one touchdown or less. In three of the games the opposition, including Green Bay, failed to score a touchdown.

Duck Count Below Average

SPRINGFIELD, Ill. (AP)—The 931,000 ducks in Illinois today — halfway in the 1963 season — fall 639,000 short of the 15-year average.

The State Conservation Department blamed the shortage on absence of a sharp cold wave up north. Such a wave usually nudges ducks southward long before this. Last summer was considered a good breeding season.

Of the ducks present in the state, 591,000 were in the Illinois River valley and 340,000 in the Mississippi River valley.

The 106,800 Canada geese in Southern Illinois were considered above average strength for this time.

Miss Engelhorn Leads Mary Mills Golf Tourney

OCEAN SPRINGS, Miss. (AP)—"The best round of golf I have ever played" has Shirley Engelhorn out front with a three-stroke lead today in the \$15,600 Mary Mills Golf Coast Invitational.

Shirley toured the difficult 6,224-yard, 35-hole-71 Gulf Hills Country Club course Friday with a two-under-par 34-35—69 for her opening round.

She was long off the tees, sharp with her irons and her putting was accurate.

Kathy Whitworth was in second place with a one-over-par 72. Sybil Griffin was third with 73-73.

Mary Mills, the Mississippi pro, was braced at 77, along with the circuit's leading money winner, Mickey Wright, and several others.

Two Teams Join Little Eight Loop Next Year

BURLINGTON—Alden-Hebron and Richmond High Schools were accepted as members of the Little '8' Conference, effective as of the 1964-1965 school year.

With the addition of Hebron and Richmond to the conference there will now be nine teams participating in football, and eight in basketball. Teams now in the league are Paw Paw, Central of Burlington, Hiawatha of Kirkland, Earlville, Genoa-Kingston and Huntley.

A Day In The Life of a KSB Student Nurse

MISS AGNES FLORENCE
... KSB Administrator

MRS. MAXINE PETERSON
... Nursing School Director

History of KSB Nursing School

Katherine Shaw Bethea School of Nursing, established in 1899, some two years after KSB Hospital was first opened, has proved its worth to the institution, to the medical profession of Dixon and by the opportunity it has afforded girls in this area to enter a profession.

Of the nurses on the KSB staff, 55 per cent are graduates of the school's nursing school.

The nurses employed by 83 per cent of Dixon doctors are KSB graduates.

Among the graduates of the school is one, Miss Agnes Florence, now superintendent of the hospital.

A recent survey of graduates of the school shows that 55 per cent are working in hospitals or nursing homes; that 21 per cent of these have supervisory positions; 24 per cent are doing private nursing duty, and another 24 per cent are working in industry, offices or for public health departments.

The hospital site was donated to the city of Dixon in 1895 by Judge Solomon H. Bethea. It is named after his wife.

All are aware of the changes in medical care since the turn of the century and the nursing school has changed to keep up with the times.

In 1913, the hospital was enlarged from 17 to 40 beds and at the time the nursing school program was changed from a two year to a three year program.

The school's curriculum was expanded in 1916 with the addition of pediatrics. This was carried out through an affiliate arrangement with St. John's Hospital in Springfield.

Fifteen rooms were added to the hospital in 1926, which brought bed capacity of the institution to 55.

The nursing school, really came into its own as far as a home is concerned, when the new wing was opened in 1941. This gave the school its classrooms.

Each addition to the hospital size, and each expansion of the kinds of medical services the institution rendered, both afforded a larger clinical area in which students might gain experience.

Psychiatry was added to the school's offering to students in 1949.

The last major addition to the hospital was opened in 1960. This year also brought a change in the nursing school not directly related to the hospital addition.

The program change was for student nurses to take academic work at LaSalle-Peru-Oglesby Junior College. They take basic science courses from the junior college and since it is fully accredited these credits may be transferred should the student wish to later attend college.

The KSB school is fully accredited.

The school facilities provide dormitory rooms for students with two sharing each room.

The library has more than 700 reference books and a rotating fiction library is maintained for students.

The fourth floor of the hospital provides two classrooms for the school and large laboratory and offices.

The students also have kitchen facilities and a recreation room provided in their residence hall.

KSB School of Nursing Student Council
... Rosemary Concofelli, president, second from left, makes plans with executive board. Others are Renee Anderson, Pat Dempsey, Judy Welner, Dorris Lippert, Gayle Rowland and Beverly Gruber.

Dixon Student Nurses Host District Association
... over 100 guests from Freeport and Rockford attended.

Jam Sessions In Student Rooms Are Popular
... Joy Frederick, Jacqueline Powell, Sheila Cosgrove, Ruth Ann Smith and Gloria Soldati.

KSB Nurses Plan Open House

The Katherine Shaw Bethea School of Nursing will open its doors Monday evening from 7 p.m. to 9 p.m. for its annual open house. Prospective students, parents and friends of the school are invited to take part in the evening, according to the school's director, Mrs. Maxine Peterson.

The KSB School of Nursing has been in continuous operation since its founding in 1899.

On tap for the evening will be a guided tour of the hospital by small groups of prospective students, parents and a student nurse. One of the first questions which probably will be asked of the student nurse leading the tour is, "What is it like to be a nurse at the KSB School of Nursing? What is its daily routine?"

Pictured on this page are scenes from the life of a student at KSB.

The student's day, like most of us, begins with the ringing of the alarm clock. After arising and dressing, the students gather at the hospital's cafeteria, where breakfast is served.

After breakfast, the students—the school has 50, 49 females and one male—prepare the operating room for an operation. The students work under the close supervision of Frances Kime, operating room supervisor.

Work in the operating room gives the students a knowledge of operative procedures; helps them to become more familiar with instruments and their uses; gives an insight into the understanding of the relationship between surgery and the patient's safety and shows the need of cooperation with other departments for the best care of the patient.

After assisting with surgery as a scrub nurse, the student goes to the recovery room, where observation of the patient continues, while he or she is recovering from the anesthetic.

In the recovery room, the girls check such items as the oxygen and suction machines, under the watchful eye of Mrs. Charlotte Naylor, the room's supervisor.

Objectives of the recovery room instruction teach the student proficiency in care and observation of the post surgical patient. The students may learn emergency measures used to care for patients and to correlate the complications of surgical conditions taught in the classroom with the symptoms displayed by the patient.

After the patient is awake, he is taken to a room in the nursing unit, where students continue to watch his progress.

Students are assigned patients according to the subjects being taken in the classroom.

Good patient care includes reporting of observations. Students often are required to go to the chart room to review the past history of patients with certain types of diseases.

After lunch, the afternoons are spent in class.

Teaching often includes demonstrations. Students are required as part of their education, to give demonstration baby baths before the mothers take the newborn home.

Students learn to prepare and administer medications, as nurses carefully watch. Another demonstration is the erection of an oxygen tent.

Students are required to tape record the care which was given the patient during the day. Included in the record should be the anatomy and physiology concerned, the drugs used, lab work done and nursing care procedures together with the special needs of the patient. These taped reports are graded by an instructor and a report of efficiency is given.

Evenings are reserved for study, with the work being done in the dormitory's library or individual rooms.

On the lighter side, the school has a student council, which meets to plan recreational activities and conducts other student related policy business. The council is a faculty-student cooperative enterprise.

Bowling is a favorite sport among the students.

Our typical day just happened to end as the KSB student nurses hosted the third district Student Nurses' Assn. meeting. About 100 visiting nurses attend the meeting. The meeting alternates between Rockford, Freeport and Dixon.

Throughout the year, special activities such as the alumnae banquet junior-senior banquet, the freshman party, Christmas caroling and New Year's Eve party are held. The Student Council-faculty recreation committee plans dances or other parties once each month when no other special events are planned.
